

Catrin Drawer Associate Partner

Catrin Drawer is Associate Partner responsible for the region Southern Africa and Indian Ocean. She is also our dedicated representative for clients in Jordan and Iraq where she has been significantly involved in recent airport projects.

Catrin is an international aviation expert, specialized in airport operations, airport quality, ground handling and airport planning. Over the past twenty years she has advised airlines, airports and ground handling companies particularly in increasing their efficiency through process analysis and optimization.

After gaining her MBA, Catrin was assigned Traffic Manager for GSI Ground Service International, responsible for the complete ground operation. Working as a consultant for GlobeGround in Berlin she took part in a ground handling tender and projects for GlobeGround India.

Catrin applied her expertise as project manager in multiple airport development projects where she advised airports, investors and ministries in the Middle East, Africa and Russia focusing on implementation of best industry practice.

In the African market Catrin has a wide range of experience advising aviation clients such as Air Mauritius, the start-up airline ECAir and airports in Burkina Faso and the Republic of the Congo.

Catrin works in both English and German.
