

Lufthansa Consulting is currently looking for you to join our consultancy team in Singapore as

Consultant Airline Restructuring (Finance Focus)

Our team provides services for airline clients around the world. Your work focuses on providing client specific consulting services, ranging from strategic analysis and planning to operational evaluations and implementations. Specific activities may include financial analysis, planning and evaluation; budgeting; outsourcing; and rightsizing. You will be involved in a combination of analytical and practical activities, including research, assessments and audits. Moreover, you will be responsible for project and product development activities, for the further development and implementation of consulting strategies and for the development of new consulting tools and methods. Under supervision, you will manage projects or work in larger projects with several (often multicultural) experts and client staff while developing skills as a project manager.

Your Profile:

Degree in Business Administration, Finance, Economics or Accounting. A CFA, Master of Business Administration, Finance or Economics is not necessary; however, is preferred. Degrees completed at a university or technical/applied sciences university will be considered.

Good knowledge of Corporate Finance or Accounting, Statement analysis, budgeting, forecasting

Several years Industry experience in a Corporate Finance role and in a budgeting/planning role is preferred

Demonstrated experience in labor intensive industries is preferred

Highly developed ability to analyze complex business situations and develop success-orientated and client specific solutions

Ability to present complex issues accurately in written and spoken communication

High level of independence, ability to work in dynamic and interdisciplinary teams

Flexibility, openness for change and ability to work efficiently in stressful situations

Negotiation skills, assertive, convincing and service-oriented manner with clients

Strong oral and written communication skills in English, with business level knowledge of a second language is an asset

Enthusiasm for intensive business travel, ability and willingness to understand foreign cultures and mentalities
